

Your city, Your place - Woolwich

We are collecting current experiences and past memories related to the Beresford Square area.

Are you a resident of this area, have you lived here, or visited in the past? If so, we'd love to hear from you!

The goal is simple: Follow this QR code to open a map of the Beresford Square area. Find a place or building that is significant to you and add a marker to indicate its position. Then, write in the Memory Box why this place is significant to you, for example by sharing a story.

This app is part of the Deep Cities project (<https://curbatheri.niku.no/>), which studies sustainable urban transformations through heritage. Your memories will be part of a digital inventory of the Beresford Square area that will be shared with urban planners and heritage experts.

For more information, please contact Elizabeth Robson, Research Assistant, University of Stirling (e.m.robson@stir.ac.uk). Thank you for your interest and participation!
